### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Marty Fliesler on 10/12/2005.

The application has been amended as follows:

Please cancel claims 17-28.

2. The following is an examiner's statement of reasons for allowance: Applicant's arguments filed 8/3/2005 regarding claims 1-6, 8-10 and 12-16 are persuasive. Specifically, the cited prior art fails to teach claimed features of obtaining a scanned document, removing margins, scaling the document, removing least significant information from document, obtaining a video file, comparing document with video frame and linking the scanned document with video frames. The cited prior art broadly teaches displaying video with scanned document but fails to teach alone or in combination the invention as claimed

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sanjiv D. Shah whose telephone number is (571) 272-4098. The examiner can normally be reached on M-F 9-5:30.
